1. Visit the Wildlife Refuge Pond. Look closely. How many different kinds of birds, amphibians, reptiles, and insects can you spot?

2. Discover a growing rainbow. How many different colors can you spot among the flowers, trees, and shrubs?

3. Take a nature hike. Trek to the Tower Hill summit and explore the sights, sounds, and smells along the mile-long Loop Trail.

4. Touch the plants in the Garden Within Reach. Feel the different textures and smell the different aromas.

5. Practice your orienteering skills. Grab a garden map and track your journey.

6. Lay on the grass in the Secret Garden and watch the clouds.

7. Become an Ornithologist. Grab your binoculars and a field guide and study the different species of birds that call the gardens home.

8. Start a nature journal. Bring along a notebook and record your experiences with drawings, stories, or poetry.

9. Search for signs of wildlife including scat and tracks.

10. Create a botanical illustration. Can you label all the parts of the plant?
