Secret Garden

Count how many gnomes you see!
HOW IT WORKS

1. Follow the path on the map through our gardens. Start at the entrance to the Garden Within Reach.

2. Make a tally for every gnome you see. Look carefully, there are gnomes hiding everywhere. Please do not touch or move the gnomes.

3. When you are done, count the total number of gnomes you found.

4. If you find the golden gnome, take her picture and post it on Instagram with the hashtag #towerhillbg and you’ll be entered to win a special prize!
